Loads of stickers which is great, the actual stickers are just a bit smaller than i thought they would be. The description and picture shown are a little misleading. But they'll do.

Brittany ★★★★★

Loved them they was a lot more stickers than I thought

Joanna ★★★★★

There are more stickers than I thought and they are amazing quality. Very impressed with them.

Back pack is perfect size for my 2 year old. The leash part looks a little flimsy in the photo but is actually very sturdy! Looks exactly as pictured. Very pleased with my purchase.

Cassidy

My son loves it! I love that it comes with the lead to attach to it, as I have 2 kids under 2 years old it's more difficult to chase him with an infant and I know he's safe within arms reach while in public.Received VERY early and it even came with extra, free stickers and a thank you card! GREAT store!

I love this it's such great quality and very good size. The plane squeaks and all pockets open and closes well. Bright colors I really love this bag so much

Arrived early. My son loves them. I bought these because I don't know what happened to the 6 trains that came with my son's train track. So much cheaper than buying them on wish then at toys r us or walmart.
